# 2021 WEIPA RUNNING FESTIVAL

RACE PROGRAMME

[www.weiparunningfestival.org.au](http://www.weiparunningfestival.org.au)

# ACKNOWLEDGEMENT OF COUNTRY

The Weipa Running Festival Committee would like to acknowledge the Traditional Custodians of the land in which our event is held on each year, the Alingith people.

We wish to acknowledge and pay our respects for their elders past, present and emerging, for their continuing culture and the contributions they make to the life of our community, both now and in the past.

# MESSAGE FROM THE COMMITTEE

Welcome to the 4th year of the Weipa Running Festival. The committee have adapted again, taking it up a notch this year not only offering a full race day (YAY for actual events again) but we have incorporated a virtual event due to the success of our 2020 event.

Our committee has worked hard to ensure guidelines are met to offer a COVID safe event, meaning a few adaptations along the way. Weipa Running Festival is pleased to offer fitness enthusiasts and beginners an opportunity to participate in a family-friendly running event whilst also offering virtual races to our interstate/on shift competitors.

We would like to thank each of our sponsors over the years for their generosity. The Festival's continued success is a testament to the ongoing support from these local businesses. We encourage you to support these businesses wherever possible.

Lastly we would like to thank you the participant, none of this happens without you, we are forever grateful and continually impressed by the reach our small town event has.

Cheers and happy running,

Weipa Running Festival Committee

## Aurukun Bauxite is proud to sponsor the Weipa Running Festival

Glencore is assessing the feasibility of developing a new bauxite mine near Aurukun on the west coast of Cape York.

The bauxite resource is located on the traditional lands of the Wik Waya People and we recognise that the direct participation and consent of Traditional Owners and the community is vital to any future success.

The project requires environmental approval from the Queensland and Federal Governments. An Environmental Impact Statement (EIS) is currently being prepared as part of this approval process.
